Mohammad Naseerullah Arain (mohammad.arain@sbcglobal.net)

My name is Umar Sear & I seek your support to be elected as the *President* or *Member* of the TIC board. I want to start by re-assuring folks that I **support** the Masjid Project and its completion through the next phases as planned by **Br. Naseerullah** for whom I have tremendous respect and have worked with at every opportunity. If elected as the President, it is my intent to request **Br. Naseerullah** to keep charge of the Masjid construction project through to its completion with **complete autonomy**. I will focus my resource and efforts to the following pressing priorities.

- **Safety and Security**

Provide a safer environment at the TIC and minimize the risk of vandalism and hate crimes.

- **Youth activity**

Give our youth a sense of belonging & value in the community & keeping them engaged.

- **Community outreach**

Enhance our soft image and relationship with the wider community. Creating & participating in interfaith activity to share our values and dispel untrue perceptions of Islam.

- **Extensive Fund Raising**

Utilize my extensive connections with businesses in Tracy/Mountain House and the greater Bay Area to raise funds for Masjid completion and other important projects.

- **Membership drive**

TIC membership still stands at approx. 280 despite many new members joining for the Sunday school. We need to have a focused membership drive. The target needs be at least double this number in the coming year.

If elected as a **Board member**, I will focus on one or more of the above priorities in consultation with the President and with the cooperation of other team members.
